Founder of Axiom Digital, a digital agency focused on AI integration and digital transformation for businesses. International Business student at the University of Groningen (Honours College; GPA 9.25 in year one, 9.00 in year two), on exchange at Waseda University, Tokyo, from September 2026. Raised in the family tailoring atelier, where I learned exact, customer-facing work early.

Experience

Axiom Digital · Founder

Jul 2026 - Present

Groningen, NL · axiomdigital.nl

- Founded an AI and IT consulting company focused on AI integration and digital transformation.
- Advise businesses on where AI and automation actually pay off, then build and deliver the solutions.
